

1. Introduction

V3Bula is not just another meme coin. It's a symbol of a new wave in the Solana ecosystem — fun, fast, and fearless. Inspired by the legendary turtle that dares to ride a rocket, V3Bula brings the meme culture to the stars.

2. Vision & Mission

Vision: Become the most iconic meme coin on Solana, merging humor and utility.

Mission: Build a strong community, deliver real on-chain utility, and make crypto fun again.

3. The Meme Behind V3Bula

Why a turtle? Because slow and steady doesn't just win the race — it rides rockets. Our turtle is bold, rebellious, and unstoppable — wearing shades, surfing the galaxy, and powered by V3Bula.

4. Tokenomics

Token Name: V3Bula

Symbol: V3B

Max Supply: 10,000,000,000 (10 Billion)

Network: Solana Blockchain

Utility: Payments, staking, community rewards, NFT integration

5. Roadmap

Phase 1 – Launch

Website release

Community onboarding

Token deployment

Phase 2 – Expansion

Listings on Solana-based DEXes

Whitepaper v2 + roadmap update

NFT companion project

Phase 3 – Adoption

Mobile app integration

Real-world QR code tag testing

Marketing partnerships

6. Utility & Ecosystem

V3Bula will be used across our platforms for payments, NFT purchases, community tipping, and access to exclusive tools. A future mobile app and a crypto-powered pricing tag system for real-world products are in development.

7. Team

V3Bula is a community-driven project powered by crypto enthusiasts, designers, developers, and meme lords from across the globe. We believe in decentralization and anonymity, so the turtle speaks for all of us.

8. Legal Disclaimer

V3Bula is a meme token with community-focused goals. It should not be considered a financial instrument or investment advice. Cryptocurrencies are volatile; invest responsibly.
